Bringing Music and Movement to Life

Children are born to play and move! In their earliest years, children learn best through moving and doing, through hands-on experimentation, investigation and exploration, and with their senses and body.

Join us to learn why music and movement are so important for children (and adults) and leave with fine-motor, gross-motor and musical experiences that support a child's holistic development. Come ready to laugh and move yourself!

Tuesday, May 15 6:30 – 8:45 pm

Lehman College, 250 Bedford Park Blvd
