

20 | Our 25 | Impact

Thank you for recognizing the power of family child care and ensuring that home-based educators get the support they deserve. We are so proud of all we achieved in 2025, and so grateful for your unwavering confidence in All Our Kin.

Just take a look at what we accomplished together!

Direct Service Supports in NY and CT

We provided critical programming to over **1,000 educators** in CT and NY, reaching over **6,000 children**.

This includes a **60% increase** in newly licensed educators, creating **714 additional child care slots** – double the amount in 2024.

We held our proprietary Business Series in **Spanish and English** for over **200 educators**, with **97%** of participants surveyed **demonstrating increased ability** to run their family child care programs.

In CT, we saw a **20% increase** in educators who earned **national accreditation** with All Our Kin's support.

We engaged **50 Bronx educators**, including assistants, for the pilot of our **tech-based virtual early literacy program**, a partnership with Robin Hood and the Harvard Graduate School of Education.

Our **Net Promoter Score** for client satisfaction holds steady at an impressive **90 or above**.

Training & Technical Assistance

Across 34 states, we have now partnered with **300 agencies and organizations** dedicated to improving accessibility to quality family child care. Those participating in these partnerships provided:

direct training or support to over **20,000 educators**

who, in turn, have cared for over **100,000 children**

With the support of GreenLight Kansas City, we built a four-year partnership with Futures First to grow a family child care network benefitting Kansas and Missouri. Thus far, **132 educators** have been served, impacting **1,300 child care slots!**

With our support, Children's Futures launched a family child care network in Trenton, New Jersey. The **multi-year engagement** includes our full range of services to build a sustainable family child care network that increases the supply and recognition of quality home-based care.

We've introduced an impactful new series: Nearly **100 professionals** have participated in "Grounding Your Coaching in the 3Rs," enhancing their relational, responsive, and reflective approaches when working with family child care educators.

Child Trends underscored the impact of our work, noting that partners had increased confidence to launch and sustain a family child care network (93%) and deliver All Our Kin's Business Series (almost 90%).

Now more than ever, child care needs you. We are grateful for your ongoing support, and always appreciate hearing from you! Please reach out at development@allourkin.org.
