

Business Series Train-the-Trainer

Providing you with the tools to increase the supply of child care and success of family child care educators in your community!

WHY LEARN FROM ALL OUR KIN?

All Our Kin is a nationally recognized nonprofit with 25 years of experience working side by side family child care (FCC) educators.

Our business model is grounded in a strength and values-based approach, provides tools and resources for educators to grow as business leaders, and elevates FCC business practices.

WHAT IS THE TRAINING?

All Our Kin's highly interactive one week virtual Train-the-Trainer (facilitated in English) prepares participants to lead AOK's Business Series, an engaging and accessible 10-week course for FCC educators that covers everything from contracts and policies to financial management.

The topics covered in AOK's Business Series (available in English, Spanish, & Chinese) are [listed here](#) and equate 34 hours of professional development for FCC educators. AOK will provide detailed training guides and implementation support so coaches can offer the Series in their communities.

Participants will leave this interactive learning experience equipped to lead our FCC Business Series (virtually or in-person).
